File now, run later

Citizens planning on running for either school district trustee or city council have until Wednesday, March 3, to file for a spot on the ballot.

Hondo Independent School District voters will elect three trustees, and Hondo voters will choose a mayor and two councilmen.

Jack Been and Dr. Judge Sandusky have filed for re-election to places 6 and 7 on the school board. Tom Kuykendall, incumbent place trustee, will not seek re-election, and Lloyd Hardt has filed for that seat.

Mayor George Brucks and councilmen Andrew Patterson (place 1) and Albert Vance (place 2) have terms expiring this spring.

New site is sought for Pub

Hondo's teenage entertainment center, The Pub, may have a new home one of these days. At least city councilmen were receptive last week when Mike Jones, Pub president, mentioned in passing "We sure could use a new place."

Jones, along with several other teenagers, had visited the council meeting to ask permission for a youth group to eliminate some of the obstructions hiding stop signs on Hondo street corners.

After receiving permission, Jones was asked to report to the council on the status of The Pub. He noted that attendance had picked up since January, and that there was about \$100 in the bank. Then he mentioned a new meeting place.

During the discussion, City Attorney Hugh Meyer noted that the city wasn't receiving any complaints about The Pub.

"We aren't getting any static from anyone," Meyer said. "No one's getting arrested, nobody's having a fight. Whatever they're doing, they're doing a damn good job of it."

Councilmen discussed the city's financial arrangements in providing space in the building occupied by The Pub. They also mentioned other buildings which might be acquired, and indicated they'd do some checking in behalf of The Pub.

While local officials confer with pilot . . . younger generation inspects helicopter

State health department representatives accompanied the crew of the Army's emergency helicopter ambulance on a tour of nearby south Texas cities, Tuesday, stopping in Hondo about 4:15. Hondo officials meeting the group included Dr.

W. S. Duty (left photo) and Sheriff C. J. Hitzfelder listening to Capt. G. Rasmussen, the craft's pilot. Emergency procedures were explained to Dr. Duty who attended the meeting in behalf of J. Melvin Finger, hospital administrator. Rasmussen told the group the helicopter

had flown 140 missions since last October, and that over 70 percent of those transported to hospitals were in either critical or serious condition. He said Secretary of Defense Melvin Laird will make the final determination, probably by June, as to whether or not the service

will be continued. While Rasmussen talked with Hondo officials, a group of youngsters quickly gathered around the helicopter resting on the hospital grounds nearby. A crew member was kept busy explaining operational functions and construction features of the helicopter.

Hondo city electric rates 'adjusted'

Sweeping adjustments were made in city electric rates Tuesday night during a special meeting of the Hondo City Council.

Fred Johnson, superintendent of the city's electric system, indicated to the council that the adjustments will bring order to a hodgepodge of rates, correct some glaring inequities, and

erintendent of the city's electric system, indicated to the council that the adjustments will bring order to a hodgepodge of rates, correct some glaring inequities, and

assure that power is not sold at below the city's cost.

The new rates, which become effective in April, drop the residential minimum billing from the current \$2.97 to \$1.50.

In addition to general rate adjustments, councilmen also agreed to pass along to electric customers the \$29,500 annual fuel adjustment charge made to the city by Public Service.

The charge of \$1.33 per 1000 KWH represents costs to the city covering expenses for fuel to generate electricity. Fuel adjustment charges fluctuate with the rise and fall of fuel costs.

Rates above the minimum up to about 1000 KWH monthly have been increased by \$1.24 monthly, plus the fuel adjustment charge (FAC) of \$1.33. Residential customers using from 1500 KWH to 2000 KWH will pay about \$1.26 less per month on the basic rate. However, the FAC will add up to \$2.66 to the bill.

The basic rate of a residential customer using 3000 KWH monthly will drop \$3.76. After adding the FAC of \$3.99, the customer will be paying

23 cents a month more than at present.

A customer using 4000 KWH will have a reduction in the basic rate of \$6.26. After supplying the FAC of \$5.32, the net reduction in rate will be 94 cents. Basic rate for 5000 KWH monthly will decrease \$8.76, with a net decrease after adding in the new FAC of \$2.11.

Johnson told councilmen the average residential customer uses about 2000 KWH in July.

Also included in the new rate schedule is a special Residential All Electric rate designed to encourage new

home builders to erect all electric residences. There is only one such home in Hondo.

Such a home owner using 5000 KWH monthly, would pay \$21.01 less for the electricity than a non-all electric home owner would pay for the same amount of power.

Turning to commercial and industrial rates, Johnson noted there are 12 customers on the city's current industrial and commercial rates. Actually, he said, there should be only two, with the others being placed on more equitable commercial rates.

Johnson noted that two city customers used enough power to drop them to the lowest rate for some of it. The rate is 6.325 mills per KWH, but Johnson said the city pays 8.4 mills per KWH for its power. In September's billing, he said, the city lost about \$858 on the rate. The new schedule raises the bottom step to the city's cost.

Noting inequities in current commercial rates, Johnson said one customer used 15,540 KWH, paying \$178.92. Another customer in the same type of business used about a third that much power and

paid \$121.73. Consequently, Johnson said, the first customer should have been paying three times what he paid.

Under the new rates, the

Esquivel trial set

Elpidio Esquivel, Jr. is scheduled to go on trial for rape March 15.

District Judge Ross E. Doughty of Uvalde recently granted Esquivel a change in venue from Medina County to Uvalde County. The attorney for the accused had told the court his client could not receive a fair trial here, and Judge Doughty agreed.

Esquivel is one of three accused of the December 1969 rape of a 26-year-old mother of three north of Castroville.

Earlier the state had indicated it will seek the death penalty.

Pay - or else

Hondo utility customers who miss two monthly payments will have city services disconnected.

The policy was adopted by city councilmen at a special council meeting Tuesday night.

In addition to disconnecting utilities, the city has adopted a \$5 reconnection charge. If both electricity and water are disconnected for non-payment of utility bills, the customer will have to pay an additional \$10 to have both reconnected to service.

Utility bills are due on the 10th of each month. After missing one month's payment, if no payment is received by the 10th of the following month, service will be disconnected on the 11th.

That is, if it is a commercial on Western Auto tires. For under those whirring tires you will be seeing some familiar country around Quihi and D'Hanis.

Hondo youth believe in community service

Early Saturday about 30 concerned youths assembled to begin the safety survey proposed to Hondo City Council last week.

They gathered in front of St. John's Catholic Church to receive instructions from youth leaders, Father Emmet Carolan, Mike Jones and Reggie Pedroza. Each unit, composed of a car and several observers, was assigned two streets.

The youth were instructed to check intersections from all

four directions for blind corners, intersections that had no traffic signs, and excessively littered areas.

Taking pictures were Judy Christopher and youth advisor, Alex Barrientes.

By noon, the survey was completed and results were compiled to be presented to the city council at their next meeting. The youth plan to take further action to do away with traffic hazards with the help of the city and its citizens.

first customer will pay \$271-.40 plus the FAC.

In another instance of the old rate inequity, Johnson showed councilmen where a commercial customer using 7213 KWH paid \$103.38, while one using 5826 KWH paid \$149.03.

Rate adjustments in the industrial and commercial categories, Johnson said, "... are going to hurt some people. They're really going to sting."

month to the Postal Rate Commission will mean first class stamp prices have increased by 166 percent since 1932.

The proposals call for increases in virtually all mail categories phased in over a five year period.

Hondo Postmaster John H. Muennink said the increases would yield additional revenues of \$1.45 billion nationally during fiscal 1972 and start the nation's postal system on a sound financial road.

In addition to the long-standing proposal for a 2-cent boost for letters from 6 to 8

cents, advertising mail would be increased to a minimum of 5 cents per piece, plus additional increases for heavier weights.

Substantial increases also are proposed for magazines, newspapers and other second class mail.

Airmail rates would go up a penny, from 10 to 11 cents, and airmail cards, from 8 to 9 cents each.

If temporary rates are placed into effect, post cards will go from 5 to 6 cents although the proposal provides for a full increase to 7 cents each.

Letters to the editor

Dear Mr. Lawrence,
For several months last year, the Chamber of Commerce worked on numerous questionnaires from the Texas Industrial Commission to supply them with information on Hondo that should be of interest to industry seeking new locations. To obtain this information, a number of people in Hondo were involved.

This information on Hondo and other towns in Texas has been included in the Industrial Commissions computer program. A separate printout on each town is also included in this program.

On Tuesday morning, February 23rd at 8 a.m., P. A. Williams, an Industrial Commissions Development Consultant for this area, will be at the Chamber office to present this program to Hondo to discuss the uses of the printout and other uses of the computer program for Hondo.

As Director of the Chamber of Commerce, this meeting should be of special interest to you. This meeting must begin promptly at 8 a.m. so that the Consultant can keep his tight schedule. He must leave Hondo by 9 a.m. Coffee and doughnuts will be available.

If you can attend, you are requested to be at the Chamber office by 7:45 a.m. to avoid any delay. Please make any notes that are necessary to keep you reminded of the date and early hour of this meeting so that everyone will be on time.

Sincerely yours,

Poerner's corner

Poerner acts to prevent statewide hog quarantine

By John H. Poerner, State Representative, District No. 49

HOG CHOLERA -- There appears to be a potential of hog cholera outbreak in Texas. Twenty-four cases have been reported in the Ft. Worth area and this represents 50% of the nation's total cholera count at this time. The Texas Animal Health Commission has been advised by the Attorney General's Office that they do not have the authority to restrict the movement of swine from this area and the federal government has threatened the state with a statewide quarantine on pork and pork by-products. I have presently asked the Texas Animal Health Commission to coordinate with my staff and the Legislative Council to prepare the necessary legisla-

tion to give the Texas Animal Health Commission this authority. I plan to introduce the measure this week to prevent federal control and statewide quarantine. It seems quite ridiculous for the federal government to say to the State of Texas that because you have one million hogs and 24 infected with this disease in Ft. Worth that we will quarantine a state of your size when the same thing could happen in Missouri (of much smaller geographical size) and the hog population is probably ten or eleven million head.

It's just another example that state control can perform a greater service to the people involved.

WATER CODE -- I have been assigned Chairman of the Sub-Committee to review the codification of the Water Code of Texas. This bill contains 530 pages as it is an effort to simplify the research and briefing of water law in this state. Its need has been long overdue and I can assure you that the Sub-Committee is certainly cognizant of the rural interests of Texas.

A TRUE TEXAN -- Jerry Rangel, police officer for San Antonio, addressed a joint session of the Texas Legislature this week to describe his experiences and duties as an undercover agent for the San Antonio Police Department on narcotics. Jerry, at age 23, has given us an example of the many citizens who have no fear of losing their life to protect the citizenry. He was born in Castroville and moved to San Antonio where he graduated from Fox Tech High School. The San Antonio Police Department, following his tour of duty in the military service, trained him for the job as an undercover agent and his efforts have brought many indictments and convictions to dope pushers in our area. South Texas should salute Jerry Rangel for his bravery and contribution to retard this mounting problem. He is an individual, of Mexican-American descent, and probably limited income, who has given all of our people an example of achievement, recognition, and dignity.

Special education program due for Monday night MCAEC meet

Dr. Himes will speak on materials available for parents to use to reinforce what the children are exposed to in the special education classroom. Dr. Himes received his doctorate of philosophy in special education from the University of Texas.

IMPORTANT MEETING

Early next Tuesday morning (8 a.m., Feb. 23 to be exact) there will be a meeting at the City Municipal Building that should be of interest to everyone. It will concern the ways and means of attracting industry to our area.

P. A. Williams, an Industrial Commission Development Consultant, will be on hand to give out with some pertinent facts. Read all about how it came about in the Letters-to-the Editor section.

Read it and be there will you?

SPEAKING OF INDUSTRY

That reminds me, Mr. Merchant. I know everyone is crying the fair weather blues these days and rightly so. But did you know that you can still compete in advertising for some pretty fair payrolls at Gary Aircraft, Hondo Independent School District, Universal Rundle and some smaller ones not affected by the weather. Let's offer them some quality items at bargain prices in an attractively-wrapped promotional package and see if they won't part with some of that money--before they drive to San Antonio.

Advertising will pay and you can ask two local businesses that had open houses this past week. K&B Drive In opened its new Barbecue Kitchen and Bobby Heyen says his ad in the Anvil Herald brought out the people.

And a little farther west on Highway 90 the Dutchman's Drive In Grocery held its Grand Opening and Forrest Horecka tells me they had so many people they even ran out of some of the specials late Sunday.

ANOTHER APPEAL

Check around your house, in the attic, in the garage, or that old shed on the farm, and see if you have any old items you would like to donate to the Antique Auction for Museum Day.

Mrs. Emil Muennink had some items and she gave them to us to help raise money on that day. We would love an Antique or two but collector's items, old items, any items that will sell.

You can call Fritz Leinweber at 6-3378, John Wentz at 6-3334, Sis Graff at 6-2962, Cappy Heyen at 6-2851 or the Anvil Herald at 6-3346.

We are going to need many items so why not help us out now.

FREEDOM OF CHOICE

Did you know that at the present time an individual injured in an accident does not have the choice of the doctor who will treat him if he is insured?

I didn't. But I'm told that he doesn't. The insurance company can designate the doctor. I fail to see the right in this, and perhaps our Legislators have also. For they have introduced two bills in the Legislature, SB 142 HB 427 to allow the individual the right to select the doctor of his choice.

Interested in another freedom, another individual right? Then write Rep. John Poerner and Sen. Wayne Connolly in Austin and tell them so.

Holidays set

At their Feb. 8 meeting, Medina County Commissioners approved holidays for county employees to conform with some of the holidays set for federal employees.

Approved as holidays for county employees were the following: Friday, April 9, Good Friday; Monday, Sept. 6, Labor Day; Monday, Oct. 25, Veterans Day; Thursday and Friday, Nov. 25 - 26, Thanksgiving; Friday and Saturday, Dec. 24-25, Christmas; and Friday and Saturday, Dec. 31 and Jan. 1, New Years.

Sheriff's raid Thursday recovers burglary loot

A brushy, backwoods area in Mico Thursday netted law enforcement officers approximately \$20,000 in stolen loot and a suspect.

Medina County Sheriff Charles J. Hitzfelder and Chief Deputy Floyd Williams, along with San Antonio detectives, raided a cabin Thursday and captured the loot.

They also arrested John Tolliver Williams of Mico and charged him with receiving and concealing stolen property. He made \$15,000 bond set by Justice of the

Peace Harold Herring. He also was charged with burglary in San Antonio and released on bond.

Stolen property found in the rented cabin included two automobiles, several boats and motors, television sets, jewelry, coats and other items.

Tips leading to the arrest of Williams were supplied Mico residents, Deputy Bob Brown, Constables Joe Hoog and Alvin Santleben and Castroville City Marshal Frank Hayes.

Two receive prison terms

Two prison terms were assessed Monday by District Judge Ross E. Doughty of Uvalde sitting in the Medina County district court room.

Modesto Leal, Jr. pled guilty to a charge of burglary, and was sentenced to five years in prison by Doughty. However, the judge granted probation.

John A. Carroll was sentenced by Judge Doughty to five years in prison. He had

entered a plea of guilty to robbery by assault.

In three other criminal cases, two continuances were granted, and one case was sent to the county judge since the defendant is a juvenile.

Granted continuances were Woodrow G. Richardson, indicted for burglary, and James M. Moczygemba, indicted for robbery by assault.

In addition to the criminal docket, Judge Doughty heard a number of civil cases.

You can still apply the No. 1 weed killer, AATrex® herbicide. It gets almost all the grass and broadleaf weeds in corn — if you spray before they're 1 1/2" high. So, don't give in to a weedy corn field. There's still time to spray AATrex. We'll give you all the information you need on this post-emergence application of the herbicide that is safe to your corn.

Seek Recommendation

They sought the recommendation of Alamo Lodge No. 44 in San Antonio, and a committee was appointed by S. G. Newton, Worshipful Master of that lodge, to investigate. On March 8, 1859 the committee reported that it had "duly examined the brothers recommended for Worshipful Master, Senior and Junior Wardens -- that they find them well skilled in the work of the Degrees . . . that all of the signers of the petition are Master Masons in good standing . . . that they all live more than ten miles from any other lodge, and that Alamo Lodge No. 44 is the nearest lodge to the place." The report was signed by Thomas Whitehead, J. M. Carolan and Asa Mitchell. F. M. C. Newton, secretary, noted that the report was read and that Alamo Lodge unanimously recommended the petition to the Grand Lodge of Texas.

Grand Master Henry Sampson in Houston granted dispensation authorizing the lodge to work, appointing officers named in the petition, effective March 18, 1859. The petition was officially renewed by the Grand Lodge in its twenty-third annual communication on June 3, 1859, in the hall of Lothrop Lodge No. 21 in Crockett, Texas.

It is apparent that the building on the Hondo was under construction at that time, but the quarrying, hauling, shaping and laying of the stones was a slow process. There is no record to indicate the place in which the lodge was holding its meetings during the interim, however these records indicate that meetings were being held on the

first Saturday of each month in the afternoon.

In the first handwritten minutes on file in the Grand Lodge of Texas Library in Waco is the record showing that the lodge was organized and set to work officially under dispensation on January 30, 1860.

James M. Carolan, past master of Alamo Lodge No. 44, was proxy for S. G. Newton, Worshipful Master of Alamo Lodge, District Deputy Grand Master of the Fourth Masonic district, which included the counties of Bexar, Gillespie and Blanco.

Officers listed were G. W. Robbins, Worshipful Master; George W. Harper, Senior Warden; R. C. Smith, Junior Warden; N. M. C. Patterson, Senior Deacon; William H. Burrows, Junior Deacon; Squire Boone, Treasurer; John Redus, Secretary; G. E. Tilley, Til-

The minutes read, in part: "The lodge being open in due and ancient form in the third degree, officers named in the dispensation placed in their stations, was declared by R. W. P. M. Carolan to be at work.

"The first Saturday at 2 o'clock being the time appointed for regular meetings . . . And the District Deputy Grand Master being satisfied that the officers and members of Hondo Lodge, U. D. were competent to work in the several degrees, opened the lodge and placed the officers in their stations and declared Hondo Lodge, U. D. duly at work.

"On motion of Brother Senior Warden \$20 was appropriated to defray expenses of J. M. Carolan for the purpose of opening the lodge, which motion was carried." The minutes were signed by Carolan.

In the library of the Grand Lodge is the first minute book, of high quality pastel blue paper with ruled lines, the lone star within an olive branch embossed on the upper left corner of each page.

The minutes of a meeting on February 4, 1860 show that all officers were present, as well as Master Mason W. G. Goodwin. Petitions were received from Otis H. McOmber, Henry C. Adams, James H. Reed, John Kennedy, and F. G. Tinsley.

Kennedy is listed in the U. S. Census as a stockman, a native of Ireland. It is thought that he lived in Uvalde county at that time.

At a meeting on March 3, it was recorded that L. H. Tucker from Alamo Lodge No. 44 was a visitor. McOmber, M. V. Adams and Kennedy received the Entered Apprentice degree, and a committee was appointed to draft by-laws.

KRME

Howdy, friends and neighbors. Welcome to Flip Side, brought to you as a public service keeping you informed on the latest happenings on the music scene.

Have you made it to the San Antonio Stock Show and Rodeo yet? This year's program has been one of the biggest ever. One of the main reasons for its success has been the nationally-noted country artists appearing. First part of the week, Roy Clark appeared and Conway Twitty has just finished in the Alamo City. Now Lynn Anderson and Charlie Walker entertain this weekend.

On this week's Top 20 Survey you will find our 19 position belonging to Bobby Bare. Bobby is no stranger to country music. Born in Ironton, Ohio in 1935 he has written over 300 songs. Ferlin Huskey, Roe Maddow, Wynn Stewart, June Carter and many others

have had great success with recordings the Bare has written for them.

By the way, for you record buying folks, Bobby has just switched from the RCA Victor label to Mercury.

Mpr, a Keam Beasler has come a long way from a Wellston, Oklahoma farm in '38 and her first big recording "Let's Go All The Way." On KRME's hit list her latest recording "The Kind of Needin' I Need" is moving up.

Well it's about that time again.

Don't forget about our request line which is open to you as always.

I'll see you back on the 1460 spot on your AM dial with the finest in country entertainment.

Remember: It is not alone what we do, but also what we do not do, for which we are accountable. --Moliere

Our people in service

Army Captain Alfred E. Burer, 26, son of Mr. and Mrs. Herman Burer, Devine, recently completed a 36-week armor officer advanced course at the U. S. Army Armor School, Ft. Knox, Ky.

The course prepares senior company grade officers for command and staff duties at battalion and brigade level and as assistant general staff officers at division level.

His wife, Susan, lives on Rose Creek Ranch.

Mc. Jose M. Ruiz, a 1970 graduate of Hondo High School, has arrived in Goepplingen, West Germany where he is a member of the 4th Armored Division of the U. S. Army. He is a clerk-typist with the 504th Administrative Co.

His wife is Mrs. Josie Ruiz, daughter of Mr. and Mrs. Andres Gomez of Castroville. His parents are Mr. and Mrs. Jose M. Ruiz of Hondo.

Mc. Ruiz completed basic training at Ft. Lewis, Washington in October, 1970.

This week

That's all she wrote

by Edna McDade

With LILLIAN (Mrs. Bruno) SCHWEERS as pig lot, I was among a foursome who went to Cd. Acuña, Mexico, last Saturday. Object: pig purchasing but with no pork barrel politics involved. We found some piggy banks which are to be fed and fattened in anticipation of the annual MUSEUM DAY auction on May 1. Keep the date in mind and remember to feed the pigs which will be oink-ing greedily and gratefully in local feed pens, locations to be announced later.

On the trip we had news of former Hondoans. One is HOMER ROTHE, now with the Border Patrol in Del Rio. One of his "bridge buddies" said "We had to get rid of him because he chased cars" and Homer was not there to defend himself.

In Del Rio, Lillian stopped to check on the LEO and MARY (Bader) SCHWEERSES. Mrs. S is a sister of Mrs. ALICE BERTREAVEN and I think they look alike enough to have been twins, whatever the difference in birthdays. The Del Rioans were in the midst of house painting but were hale and hearty and we had a pleasant visit.

If I have a favorite flower, it is the violet. This week I am reveling in the luxury of a big bouquet, a gift from Mrs. LAURA ("Gussie") CAMERON who picked the long-stemmed beauties one by one from the beds that reflect her tender, loving care.

The violets fill a green bowl and their fragrance fills the room where I inhale extravagant whiffs of it as I come and go or sit to read.

The German poet, Heinrich Heine (1797-1856), called violets "Die blauen Frühlingsaugen" (the blue eyes of springtime) and the poetic description fits Gussie's lovely and loving gift precisely.

With many families in other parts of the country, Medina Countians shared concern about loved ones and friends in the quake-stricken coastland last week.

A former Hondoan, Mrs. AARON (Pauline Saathoff) COON, now of Hawthorne, Calif., is visiting her sisters, Mrs. ALFRED SAATHOFF and Mrs. ARTHUR SCHULTE. She said she was reassured when her husband called to tell her "all is well here".

By coincidence, Mrs. Coon had brought with her a news clipping of an earthquake which made headlines last year and which she had meant to mail to her sisters at the time. "I happened to find it as I was packing so I just brought it with me. We had been talking about the scares of such experiences when the newscast came," she said.

Some 4-year olds take the same dim view of arriving at that still tender age that adults do of hitting the 40-year milestone--only from a different angle.

When pretty CAROLYN, youngest of the half-dozen siblings in the JOE and MAE LEDWIG family of Castroville told me her age, she put up five fingers but kept a wary eye on her mother who corrected her and said "Four, remember?"

Carolyn remembered but insisted she was "going to be five someday". Then, she told me, she would go to school but she would still play with the baby doll and baby buggy that Santa brought her at Christmas.

The eternal feminine, bless her!

All kidding aside, Texas goat raisers have taken umbrage at a new USDA ruling which, under the Wholesome Meat Act, requires that packers using goat meat in processed meats and sausage must label it "goat meat" instead of the "boneless mutton" label permitted formerly.

The goat men say that many people seem to object to goat meat although it has proved to be as nutritious and "tasty" as other meats.

A price drop is involved and U. S. Rep. O. C. FISHER called a conference to try to solve the baa-a--ad state of affairs as it now exists.

TED, freshman son of TONY and MARGARET MENDOZA, can recommend walking as a reducing exercise. When his show lamb exceeded the weight limit by several pounds, Ted took to the road with him, including the long walk to the show barns on the day the annual event opened.

The lamb made it with a pound or more to spare and won fifth place for its happy owner on Ted's birthday.

A tall tale

20 rhinoceroses visit in Hondo

There's many a tall tale spun nightly down at Charlie Lutz's, but Monday night these five men came in with the biggest tale yet -- a 120,000 pound tale at that.

The train stopped for a while in Hondo and these men came in telling about 20 rhinoceroses they were hauling. Each weighed about 6,000 pounds. And believe it or not they were hauling them from Houston to San Diego for the

zoo. They came from South Africa.

This story might have never been told in print had not Elmo Pope contacted Tony Mendoza who rushed out Monday night and snapped this picture. They would not allow a picture of the rhinoceroses for fear the flash might excite them. And our photographer agreed, because after all an excited rhinoceros could stomp a lot of out of God's Country if he got loose.

TALL TALE TELLERS

... (l-r), B. F. Straughan, supervisor damage prevention and loading services, Southern Pacific; Ricky Cuzzone, San Diego Zoo; Bob Grams, San Diego Zoo; Ivan Steytler, senior ranger, National Parks Board, South Africa; and John Fairfield, principal keeper, San Diego Animal Park.

Panthers pluck Owl feathers

Hondo waited too late to get started Friday night, and lost 67-60 to Medina Valley in spite of a 26-point Owl fourth quarter.

The Panthers zoomed to a 40-21 half time lead, and the Owls couldn't catch up.

Demetrio Garza shelled the Owls with 20 points and Glynn Tschirhart got 15 more.

James Batteau led Owl scorers with 14 points, and two other Owls scored in double figures. Gordon Wiemers got a dozen points and Keith Ligon had 11.

Hondo lost the game at the foul line. The Owls got 27 field goals to 22 by Medina Valley, but were called for 23 personal fouls to only 11 for the visiting Panthers.

Coach Dan Keath's club connected on six of 15 free throws while Medina Valley shot 23 of 35 at the line.

The Panthers got off to a 19-11 first quarter, and then lashed the nets for 21 points in the second period while the Owls managed only 10.

Medina Valley outscored

the locals 15-13 in the third period, and headed into the final quarter with a comfortable 55-34 lead.

And they almost blew it.

Hondo stormed back in the final period with 26 points, while the Panthers managed only a dozen.

Eric Grant and Batteau paced the fierce Owl rally. Grant, who had scored only a free throw in the first three quarters, dropped in four baskets in the final stanza. Batteau also scored 8 points on

Social Security

Benefits are same in all states

QUESTION: A friend told me that the amount of your social security benefit varies from state to state. Since I am moving to another state soon, can you tell me what my benefit will be after I move?

ANSWER: Your benefit will be exactly the same. Social security is a Federal program and benefits do not vary from state to state. By the way, be sure to notify your Post Office and the Social Security Administration before you move so your checks will be sent to your new address.

QUESTION: My husband and I were separated for several years before his death in 1967. I am 58 years old and have no children. Am I eligible for monthly social security benefits on his work record?

ANSWER: Ordinarily, you cannot collect reduced widow's benefits until you are 60. But if you are severely disabled and can't work, you may be eligible for benefits now. A widow 50 or older who becomes disabled within 7 years before or after her husband's death

can receive monthly cash benefits. Check with any social security office if you think you might qualify for disability benefits.

QUESTION: My unmarried 27-year-old brother was killed in a car accident a short time ago. My mother, who is 64, kept house for him and received all her support from him. Can she collect social security survivors benefits based on my brother's work?

ANSWER: She can if your brother worked long enough in employment covered by social security. If he worked for at least a year and a half within the 3 years before his death, your mother may be eligible for survivors benefits. The people at any social security office will be glad to help your mother determine her eligibility.

If you have any questions about Medicare, see your social security representative when he is in your area. Your representative, Mrs. Fry, will be in Hondo at the District Courtroom on Monday, Feb. 22, at 8:45 a.m.
